

NLM Board of Regents Public Service Working Group on ClinicalTrials.gov Modernization

CHARGE

The NLM Board of Regent's Working Group on ClinicalTrials.gov Modernization is charged to explore topics such as, but not limited to, ways NIH can:

- maintain the *integrity* of ClinicalTrials.gov as a trusted resource, particularly among an ever-expanding research enterprise
- maximize the *utility* of the growing corpus of information, including through submission practices and user-focused technical functionalities
- connect with stakeholders through *engagement* to ensure evolving needs are understood and considered in iterative design enhancements

The Working Group is expected to meet at least three times a year in conjunction with the BoR meeting and report regularly in open session to the full BoR on issues essential to the ClinicalTrials.gov modernization process, keeping pace with changes in the external environment and user expectations of key functionalities. All analyses and findings will take into consideration the existing legal and policy requirements.

ROSTER

Chair: Carlos R. Jaén, MD, PhD, University of Texas Health Science Center at San Antonio

Executive Secretary: Rebecca (Becky) J. Williams, PharmD, MPH, National Library of Medicine, NIH

Board of Regents Members:

- Lourdes Baezconde-Garbanati, PhD, MPH, University of Southern California
- Kent J. DeZee, MD, MPH, FACP, COL, MC, U.S. Army Office of the Surgeon General
- Gary A. Puckrein, PhD, National Minority Quality Forum

Ex Officio Members:

- Lyric A. Jorgenson, PhD, Office of Science Policy, NIH
- Pamela Reed Kearney, MD, Office of Extramural Research, NIH

External Members:

- Carrie Dykes, PhD, University of Rochester Medical Center
